

cookies policy

What is a cookie?

A cookie is a file which is downloaded from a website and which certain webs send to the browser of the user. These files are then stored in the user's terminal equipment, which may be a personal computer, mobile phone, tablet, etc. These files allow the website to remember information about the user's visit, such as language and his/her preferred options. This enables the website to recover information about browsing from the user's equipment in order to ease subsequent visits and make the website more useful for the user by customising its content.

How are cookies being used?

Our web pages use technical cookies, as well as cookies for statistical and functional purposes and to improve our services by analyzing how visitors use our website. cookies make it easier for the user to connect, browse and use the website on future visits.

When browsing on this website users accept cookies to be installed in their terminal, which allows us to obtain the following information:

- Statistical information on the use of the website.
- The user's login to keep the session active on the website.
- The preferred web format for access from mobile devices.
- The last searches performed in the web services and personalization data of these services.
- Information about the advertisements shown to the user.
- information on the surveys in which the user has participated.
- Data of the connection with social networks for users who access with their Facebook or twitter user.

Types of cookies used

This website uses both temporary session cookies and persistent cookies. Session cookies only store data while users access the website, whereas persistent cookies store data in the terminal equipment in order to be accessed and used in more than one session. They are used to store information that is useful for providing the service requested by the user at a single occasion.

Depending on the purpose of processing the data obtained through cookies, the website can use:

Technical cookies

These cookies enable the user to browse a website, platform or application and make use of the different options or services offered thereon; these types of cookies may be used for example to control traffic and data communication, identify the session, grant access to restricted areas, remember items in an order, make the purchase of an order, fill out a registration or request form to participate in an event, apply security features while browsing, store content in order to disseminate video or sound files or share content through social network platforms.

Customisation cookies

These cookies enable the user to access and receive the offered services based on some general predefined features which are configured on the user's device according to a set of specific criteria such as language, type of browser used to access the services, geographical location of the terminal and regional configuration from where the services are accessed, etc.

Advertising cookies

These cookies enable the management, as efficiently as possible, of advertising spaces (if these are offered) that were included by the administrator to the website, application or platform from where the user is receiving the services he/she requested; said management is being carried out based on different criteria such as edited content or frequency of the advertisements shown on the site.

Behavioral advertising cookies

These cookies enable the management, as efficiently as possible, of the advertising spaces (if these are offered) that were included by the administrator to the website, application or platform from where the user is receiving the services he/she requested.

These cookies store information about the user's behaviour obtained through on-going observation of his/her browsing habits, which enables the development of a specific profile and makes it possible to show targeted advertising.

Statistical analysis cookies

These cookies allow tracking and analysis of the behaviour of users on the websites they browse. Information stored through these types of cookies is used to observe and measure the activity in websites, applications or platforms, as well as to produce browsing profiles of their users, all this being done in order to improve the services offered on basis of the data obtained from the user's activity.

Third-party cookies

These are cookies that are sent to the terminal equipment of the user from an equipment or domain that is not managed by the administrator of the website, but by another entity who is processing the data obtained through the cookies. On some websites it is possible to install third-party cookies which make it possible to manage and improve the provided services, for example statistical services by Google Analytics or Comscore.

On this website the entity uses the following cookies which are described below:

Own Cookies				
Typology	Name	Duration	Domain	Description
Identification	jsessionid	Sesion	www.casacamper.com	Technical element necessary to identify a session (a visit to the website). It does not collect any personal information about the user.
